

I am a resident of Cincinnati, Ohio. The Sinclair local affiliate isWSTR, WB 64.

I think it is clearly illegal for this business to engage in partisan support by smearing the Democratic candidate. This amounts to a donation to the republican candidate and is nothing more than propaganda.

As a member of a supposedly free society, I object to media controlling political messages to suit their agenda. This is why media consolidation is a bad thing. The Nazi and Communist parties were well aware of the importance of controlling media. I don't want some right-wing group to have that control here in the United States.

It's your job to make sure that doesn't happen. For God's sake, do your duty!!

Renewing the license of this company would be a mistake.

Take a stand, before it is too late!
